

The Jitterbug, by GreatCall, is easy to see, easy to hear and easy to use.

The **Maryland Accessible Telecommunications (MAT)** program has partnered standard cell phone. The easy-to-use Jitterbug cell phone helps people to stay connected with friends and family, and to feel safe and secure. You could be approved for a FREE Jitterbug cell phone from MAT if you have hearing and/or vision loss.

To learn more about the MAT program or receive an application:

- More rate plan options available

Coverage and service is not available everywhere. Other charges and restrictions may apply. Screen images simulated. There are no additional fees to call GreatCall's 24-hour U.S. Based Customer Service. However, for calls to an Operator, in which a service is completed, minutes will be deducted from your monthly balance equal to the length of the call and any call connected by the Operator. Monthly rate plans do not include government taxes or assessment surcharges. Prices and fees are subject to change. Monthly anytime minutes carry over and are available for 60 days. Night clock begins at 7pm and ends at 6am. Unlimited does not mean unreasonable. If your usage is unreasonable, we may, at our option, terminate your service or change your plan to one with no unlimited usage components. We will provide notice if we intend to take any of the above actions, and you may terminate your service prior to this change. LiveNurse, brought to you in partnership with FONEMED®, is not a substitute for dialing 911 and should not be used in a case of emergency. FONEMED's registered nurses offer advice regarding health care decisions, but they do not prescribe medications or make diagnoses. GreatCall is not liable for any act or omission, including negligence, of any FONEMED employee. Airtime charges do apply for the length of the calls made to the service.
